RE: FRICTD # C00343546 (Citizens to Elect Rick Larsen)

Dear Ms. Pittman:

In response to your letter dated July 19, 2002, our committee has taken the following actions:

- Regarding individual contributions from Jack McRae, the contribution dated April 25, 2001 was designated as debt retirement for the 2000 General Election and was reported as such on page 48 of our 2001 Midyear Report. For your convenience, I have included that page with this letter.
- Regarding a PAC contribution from the Human Rights Campaign Fund PAC dated March 31, 2002, the contribution was originally designated for the 2002 General Election and was mistakenly reported for the 2002 Primary Election. We have amended our 2002 April Quarterly Report to reflect this change. For your convenience, I have included a copy of the check, which has the proper designation, as well as a copy of the corresponding page of our newly amended report.
- Regarding a PAC contribution from the American Society of Anesthesiologists PAC dated March 22, 2002, the contribution was discovered after our most recent report and has since been refunded. Although the refund will appear on our upcoming 2002 Pre-Primary Report, I have included a copy of the front and back of the negotiated refund check as well as a copy of the bank statement for the month in which the negotiated check cleared.

Please do not hesitate to contact me directly at (425) 259-1866 if you have any additional questions. Thank you.

Sincerely,

Ryan Pennington
Campaign Director
